How to take the photos RMC needs & how to get those photos to our office: All photos should show your side profile, in street clothes, with the bike on the center stand or held up by another person. 1) Rider only, feet on the pegs. 2) If ordering a dual, also include a photo of both rider and passenger seated together. 3) If you are vertically challenged, please also include a photo with the bike off the centerstand and your feet on the ground as though you are coming to a stop. Please note that these photos don't have to arrive at our shop until RMC begins production, so there's no rush, and that you are also free to send the photos via mail, email, fax, or with the seat itself.
